Cameron Community Ministries, Inc. is an ecumenical urban community center located in the Lyell-Otis Neighborhood, which is an area of high poverty. Cameron provides programs for neighborhood residents through volunteers and staff that give (i) school-age children and their families educational and recreational experiences to build life-skills and positive values in a structured, safe and nurturing environment, (ii) meals to the hungry, and (iii) clothing to those in need. Cameron's service to the neighborhood demonstrates respect for the dignity of all persons. We are faith based, but do not proselytize. All are served. Our neighbors are 37% African American, 24% Hispanic, and 35% European American, and 90% of the children receive free lunches at school. Cameron is located in the Crescent, an area where 80% of the homicides occur.
